About Our Butyl Tubes

Tyres From India (Eximvia) supplies premium-quality **Butyl Inner Tubes manufactured in Jalandhar, Punjab** — India's leading tyre manufacturing hub. Our comprehensive range covers rim sizes from **7" to 44"**, with 200+ tube variants across 9 vehicle categories: Two/Three Wheeler, Scooter/Motorcycle, Passenger Car Radial, Passenger Car/LT Bias, Truck/Bus, Industrial/Forklift, Farm & Implement, and Heavy OTR. We supply in full container loads (FCL) to importers, distributors and wholesalers across Africa, the Middle East and global markets.

Key Features

■ Puncture Resistant Premium-grade butyl rubber provides exceptional strength against punctures and road hazards.	■ Superior Air Retention Molecular structure gives superior impermeability — maintains tyre pressure over extended periods.
■ Temperature Stable Consistent performance in extreme heat and cold — reduces pressure fluctuation across all climates.	■ Made in India Manufactured in Jalandhar, Punjab. Premium raw materials, strict quality control at every stage.

4 Packing Options

01 Transparent (Poly)	02 Premium Printed	03 Carton Box	04 Gunny Bag / Woven
Individual polybag — economical, product visible, ideal for bulk retail.	Branded polybag with your logo — premium retail presentation.	Sturdy cartons for organized bulk shipping — protects during long transit.	Woven-bag for wholesale — durable, stackable, cost-effective.

Applications — 9 Vehicle Categories

■ Two / Three Wheeler	■ Scooter / Motorcycle	■ Passenger Car Radial
■ Passenger Car / LT Bias	■ Truck / Bus (Bias)	■ Truck & LCV
■ Industrial / Forklift	■ Farm & Implement	■ Heavy OTR
